Allergen Statement Letter
April 22, 2024

Pure White (Food Grade) Anti-Seize Compound w/PTFE (Pure White™)

Dear Customer,

This letter confirms that the products sold by Anti-Seize Technology do not contain any applicable ingredients that could result in allergic reactions.

The allergens are:

1. **Milk**
2. **Eggs**
3. **Fish** (e.g., bass, flounder, cod)
4. **Crustacean shellfish** (e.g., crab, lobster, shrimp)
5. **Tree nuts** (e.g., almonds, walnuts, pecans)
6. **Peanuts**
7. **Wheat**
8. **Soybeans**
9. **Sesame**

TSE/BSE

This is to certify that the products manufactured by Anti-Seize Technology, **with the possible exception of our TFE Pipe Thread Sealant**, do not contain ingredients derived from animal origins and are free of BSE/TSE containing ingredients

Our products have never been tested specifically for allergens but does not contain any of the above mentioned ingredients or their derivatives.
Furthermore we do not process or store any product which contain known allergens in our plant.
