

ANTI-SEIZE TECHNOLOGY
A.S.T. Industries, Inc.

HEAVY DUTY 527 LIQUID CLEANER / DEGREASER SAFETY DATA SHEET

Section 1- Product and Company Identification

Manufacture/Supplier : Anti-Seize Technology
2345 N. 17th Ave.
Franklin Park, IL 60131

Phone: 847-455-2300

Fax: 847-455-2371

Web: antiseize.com

Emergency Phone, 24 hr: Infotrac @ 1-800-535-5053 (US & Canada)
1-352-323-3500 (International)

Web: infotrac.net

Product Use: HARD SURFACE CLEANER

Date: Oct. 16, 2018

Section 2-Hazard Identification

GHS Classification (Hazcom 2012):

Not hazardous in accordance with the OSHA Hazard Communication Standard (29CFR 1910.1200).

Label Elements:

None

Hazard Phrases:

None

Precautionary Phrases:

P 101- If medical advice is needed, have product container or label at hand

P-102- Keep out of reach of children.

P-234- Keep only in original container

Other Hazards: None

Storage:

When not in use keep container closed

Keep away from children

Disposal: Dispose of contents in accordance with local, regional and national regulations.

Other Hazards: None

Section 3- Composition/ Information on Ingredients

CHEMICAL	CAS NUMBER	PERCENT
Sodium metasilicate	6834-92-0	4-10
Amine oxide	Blend	1-5
Quaternary Ammonium Chloride	68610-19-5	1-5
Non Ionic Surfactant	Blend	1-5
Water		70-80

The specific identity and/or exact percentage of composition has been withheld as a trade secret

Section 4 – First Aid Measures

P-305 **IF IN EYES:** Flush eyes with water, holding the eyelids apart. Remove contact lenses if present and easy to do. Continue rinsing. Get medical attention if irritation develops or persists.

P-302: **IN ON SKIN:** Rinse with water. If skin irritation persists continue rinsing

P-301 **IF SWALLOWED:** If large amounts were swallowed seek medical attention

Skin: Wash thoroughly with plenty of water. Get medical attention if irritation persists.

Inhalation: Remove to fresh air and keep comfortable for breathing. If irritation occurs, get medical attention.

Ingestion: If large amounts ingested, seek medical attention.

Most Important symptoms and effects, both acute and delayed: None known.

Indication of any immediate medical attention and special treatment needed: Immediate medical attention generally not required.

Section 5 – Fire Fighting Measures

Suitable and Unsuitable Extinguishing Media: Use water spray or fog, foam, carbon dioxide or dry chemical.

Special Hazards Arising from the Chemical: This compound will not burn . Water fog may be used to cool the containers but do not spray directly into large containers of burning liquids as frothing may occur. Dense smoke and noxious or toxic fumes may be generated in a fire. The thermal decomposition products are highly dependent upon the combustion conditions. Noxious or toxic fumes may be generated, some of which may be toxic or irritating. Pressure build up may cause container to rupture. Spilled material can present a slip hazard.

Special Equipment and Precautions for Fire-Fighters: Wear NIOSH approved positive pressure, self-contained breathing apparatus and full protective clothing. Cool fire exposed containers with water.

Section 6 – Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures: Wear appropriate personal protective equipment. Use caution: slip hazard.

Environmental Hazards: Not expected.

Methods and Material for Containment and Cleaning Up: Because of its viscous nature, this product is not expected to leak or spill. Collect liquid spill with an inert absorbent material and place into a suitable container for disposal.

Section 7 – Handling and Storage

Precautions for Safe Handling: Avoid contact with eyes. Avoid prolonged skin contact Do not transfer to unlabeled containers.

Conditions for Safe Storage, Including any Incompatibilities: Store away from extreme heat and open flames. Store away from oxidizers.

Section 8 – Exposure Controls / Personal Protection

CHEMICAL NAME	EXPOSURE LIMITS
Sodium metasilicate	2 mg/m ³ as dust

Appropriate Engineering Controls: Use with adequate general or local exhaust ventilation to maintain exposure levels below the exposure limits.

Individual Protection Measures: Not required under normal conditions of use.

Respiratory Protection: Not required under normal conditions of use.

Skin Protection: Not required under normal conditions of use.

Eye Protection: Safety glasses or goggles recommended where needed to avoid eye contact.

Section 9 – Physical and Chemical Properties

Appearance: Blue colored liquid	Vapor Density (air = 1): no data
Odor: mild odor	Specific Gravity: 0.9
Odor Threshold: Not established	Water Solubility: soluble
pH: Not available	Octanol/Water Partition Coefficient: Not available
Freezing Point: 32°F	Autoignition Temperature: Not available
Boiling Point: 212°F	Decomposition Temperature: Not available
Flash Point: non-flammable	Viscosity: Not available
Evaporation Rate: no data	Explosion Properties: None
Flammable Limits: LEL: Not established UEL: Not established	Oxidizing Properties: Not oxidizing
Vapor Pressure: Not established	Aerosol Fire Protection Level: Not applicable
VOC: <.5%	Flammability (solid, gas): not flammable

Section 10 – Stability and Reactivity

Reactivity: Not reactive under normal conditions of use.

Chemical Stability: Stable under normal storage and handling conditions.

Possibility of Hazardous Reactions: None known

Conditions to Avoid: Use with strong oxidizing chemicals such as concentrated acids.

Incompatible Materials: Avoid strong oxidizing agents and acids.

Hazardous Decomposition Products: The thermal decomposition products are highly dependent upon the combustion conditions. Noxious or toxic fumes may be generated, some of which may be toxic or irritating.

Section 11 – Toxicological Information

Potential Health Effects:

Eye: May cause mild irritation.

Skin: None known

Inhalation: No adverse effects expected at ambient temperatures.

Ingestion: Swallowing may cause gastrointestinal irritation, nausea, vomiting, diarrhea

Chronic Hazards: None expected.

Carcinogen Status: None of the components of this product are listed as carcinogens by IARC, NTP or OSHA.

Section 12 – Ecological Information

No further information is available.

Section 13 – Disposal Consideration

Waste disposal: Dispose of in a responsible manner. Follow local, state and federal guidelines.

Section 14- Transport Information

DOT

Proper Shipping Name: Not regulated

DOT Technical Name: None

DOT Hazard Class: None

UN Number: None

DOT Labels Required (49CFR172.101): None

IMDG

Shipping Description: Not regulated

ID Number: None

Hazard Class: None

Packing Group: None

Labels Required: None

Marking Required: None

Placards Required: None

ICAO/IATA
ID Number: None
Hazard Class: None
Packing Group: None
Labels Required: None
Marking Required: None
Placards Required: None

Section 15 – Regulatory Information

CERCLA Hazardous Substances (Section 103)/RQ: This product is not subject to reporting requirements under CERCLA. However, many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations.

SARA Hazard Category (311/312): Not Hazardous

SARA 313: This product contains the following chemicals regulated under SARA Title III, section 313: None

EPA TSCA Inventory: All of the components of this product are listed on the TSCA inventory.

CALIFORNIA PROPOSITION 65: This product is not known to contain listed chemicals.

Section 16 – Other Information:

The information contained herein is based on data considered accurate, however, no warranty is expressed or implied regarding the accuracy of the data or the results obtained from the use of his product. Therefore, because the product may be used under conditions beyond our control, we assume no liability for its use.
