

AST-XPAND™

EXPANDING FOAM SEALANT

WWW.ANTISEIZE.COM

Product Description

AST-XPAND™ is an expanding Urethane foam Sealant ideal for permanently sealing holes, spot-insulating, and sealing out air, drafts, and dust and moisture penetration. Formulated for easy use, the foam expands up to three times its original volume. AST-XPAND™ Bonds to wood, masonry, glass and most plastics. It fills voids and provides a tight seal. When dry the sealant is waterproof and weather resistant.

AST-XPAND™ is supplied with an extension tube for spot on applications.

Dries tack free in about 15 minutes with full cure in about 8 hours depending on Temperature. The cured product can be trimmed, sanded and painted if desired.

With Heating and Air conditioning costs' increasing it pays to seal and insulate drafts permanently.

Features & Benefits

- Seal holes in walls, sill plates and top plates
- Insulates, reduces noise
- Seals drafts
- Seals hard to reach places
- Can be used at Temperatures up to 245°F
- One 12 oz can equals the volume of up to 20 tubes of regular caulk
- RoHS Compliant

Applications include

Insulating and sealing around ducts, pipes, plumbing fixture and wall penetrations with drains and water supplies, Duct work and vents, Electrical outlets and Main Electrical panel penetrations, Packaging , Foundations and other problem areas

Cautions

This product is not recommended for use in an oxygen system and not as a sealant for chlorine or other strong oxidizing materials. Read all information on labels and Material Safety Data Sheets prior to use. All products should be tested and evaluated for a particular purpose prior to use.

GHS compliant

This product requires GHS pictograms on labels. Refer to Label and SDS for GHS information.

Product Limited Warranty

This information is based on information we believe to be reliable and accurate, but no guarantee of its accuracy is made for a particular application. We urge and recommend that Users pretest their application prior to incorporating the product into use and assume that the User will conduct such testing. Also see warranty statement on website.
