

CONVOY™ Truck Wash

WWW.ANTISEIZE.COM

Product Description

Convoy™ is a breakthrough product for Commercial Vehicle cleaning. It contains a balanced blend of biodegradable surfactants and detergent builders that electrochemically penetrate and remove road film from Vehicles. It has been specially designed for use in pressure washers. **Convoy™** has excellent rinse ability and does not leave a soapy film behind.

Cleaning and Dilution

When cleaning vertical surfaces start from the bottom of the vehicle and work your way up to avoid streaking. Rinse surface from top down at full pressure (minimum of 800 psi)

Typical dilution ratios are

Cold Water: 25 to 1

Hot Water 50- 100 to 1

The cleaning power and dilution ratios will vary with temperature, the amount of dirt on the Vehicle, the type of soil and the temperature and water pressure used.

Cautions

Read all information on labels and Safety Data Sheets prior to use. All products should be tested and evaluated for a particular purpose prior to use.

GHS compliant

<p style="text-align: center;">GHS Panel Classified as Non-Hazardous under HazCom 2012(OSHA GHS) Read SDS for additional information</p>
